- A range of Watercolor Brush Sizes varying from round and flat: 0 round, 4 or 6 flat, 10 round, 20 Flat, for example (you will know them from oil brushes because the bristles on water-based brushes are very soft to the touch.) I recommend: Princeton Art and Brush Co. Princeton Series 9000 Brown Handled Brush, Set of 7: https://www.amazon.com/Princeton-Art-Brush-P9143-Synthetic/dp/B002XNQQGY/ref=sr_1_2?dchild=1&keywords=princeton+art+and+brush+co&qid=1586231157&sr=8-2 (\$8-11)

- 1 water container, a plastic cup or coffee tin (anything out of the recycle bin will do.)
- Watercolor paint tubes. I would recommend buying a box of 8-15 small tubes of all the basic colors. ***At the very minimum you must have primary colors: Cadmium Red Deep, Cadmium Yellow, Ultramarine Blue, Lamp Black, and Burnt Umber. (No White, Naples Yellow, or "Flesh Tint") I recommend opening the tubes of paint in the store to make sure the colors look "primary" aka, that the red is really RED and not an orangey red, etc.
- **Colors I use** (and you can add them to your palette in this order - This is not mandatory, mainly for those who are curious): Burnt Umber, Burnt Sienna, Crimson, Deep/Permanent Red, Alizarin, Opera, Vermilion, Deep Yellow, Light/Lemon Yellow, Yellow Ocher, Olive Green, Sap Green, Shadow Green, Viridian, Ultramarine Blue, Cobalt, Prussian Blue, Violet, Payne's Gray, Black.
- Right now, in the demos I'm using Sennelier and Holbein

- (\$45) ***Avoid:** Reeves and Michaels Brand (Artist's Loft) Paints - They are very frustrating to work with, and have no longevity.
- Kitchen Paper towels
- Masking Fluid (I have no brand allegiance.) https://www.amazon.com/Golden-Watercolor-Masking-Bottle-7001600-2/dp/B07C2B4RGB/ref=sr_1_21?dchild=1&keywords=friskit&qid=1611113178&sr=8-21 (\$12)
- Rubber Cement Eraser (to remove masking fluid)

OPTIONAL:

- Water Resistant Sumi Ink (I have red top, but doesn't need to be that - and we rarely use this in class, but it's nice to have if you want to paint a black animal for example.)
