

movie fun!

musical theatre camp

Let's learn songs from animated movies! In this virtual summer camp, we'll be learning six fun songs from the movies you know, focusing on a different song each day! We'll be learning the music and lyrics from the ground up, and tackling any tricky rhythms or difficult parts together. We're going to have a great time!

First up is Classics Week with songs from **Aladdin**, **The Little Mermaid**, and **Toy Story**. Then we jump forward to **Tangled**, and, not one, but two songs from **Frozen 2**!

We're also going to break up our time with fun theater games so we can practice our acting skills and how we might act if we were the characters from these stories. By getting comfortable with characterizations and the music, we can develop performance skills and use these songs for auditions or even your own cover versions!

Each day will consist of two 45 minute sessions with a 10 minute break in between. At the end of the day, not only will you have a new song to perform, but also an mp3 of the piano accompaniment which you can use for recording your cover version to share with your friends and family!

You can find the songs we'll be working on in [Contemporary Disney: 50 Favorite Songs \(Piano-vocal-guitar\)](#) and [Frozen II Piano/Vocal/Guitar Songbook: Music from the Motion Picture Soundtrack](#) both published by Hal Leonard.

about kati

Kati Falk-Flores is a composer, vocalist, and musician with a passion for musical theatre and performing. Having practically grown up in both children's programs and main stage shows in her local community theater, she was invited to sing in her first opera in her senior year of high school. In college, she

studied classical vocal performance and was an active performer in school operas and musicals. During this time, she was invited to study acting with Peter Sklar's Beginnings Workshops and participated both in a small ensemble New York session and the London based session that culminated in workshops with the Royal Shakespeare Company in Stratford-upon-Avon. Though she moved on from performing to composition for her Master's degree and career, teaching gives Kati a chance to share her love of theater and acting with kids, just as some of her favorite theater teachers inspired her.

I can't wait to get started!
