Re: Reference for Marianna Giromini

Giusi Galbo

School Director/ Educational leader,

By this letter certifies:

That Marianna Giromini was teacher at "Bravissimi Italian language school" between January 2018 and September 2018 in Melbourne.

During this time she organised the educational activities for the children in her class.

Marianna is responsible, dynamic; self motivated with high level of personal initiative and enthusiasm to learn new concepts/ practise and easily adaptable nature and especially loved by children.

With this letter I affirm that Marianna Giromini should be considered as a good candidate to continue further in the selection processes.

For the record and the appropriate purposes, I remain at your disposal to clarify any questions or provide more information.

Sincerely

Giusi Galbo

School Director/ Educational leader
