My 13 years old son, Adam is learning Mandarin with Mr Kwan. Adam is from Chinese mixed family who doesn't speak Chinese. That is why I went through FB and found Mr Kwan. Mr Kwan makes Adam feels so comfortable and focus on what his teaching. I was impressed with the quality of his tutoring sessions. After the 5 -10 lessons from Mr Kwan finally now Adam can watch Chinese show with me and he understands and can speak Chinese in a very proper way. Adam really enjoy his Chinese class with Mr Kwan. He is really good to make someone focus on his class yet fun to learn!
