I'm a student of Master's degree in MBA, studying English with Mr. Kwan. Mr. Kwan is very authentic and experienced, he communicates clearly and responded attentively to my needs. His teaching material is useful for my MBA. Mr. Kwan also teaches my 3 children. There's a significant improvement on their English skills since taken the courses. He is patient and generous (in terms of time). If you are looking for a genuine, dedicated and skillful teacher, he is your guy.
